## Independent Auditors' Report

To the Board of Directors of  
A Stepping Stone Foundation, Inc.  
Phoenix, Arizona

We have audited the accompanying financial statements of A Stepping Stone Foundation, Inc. (the Foundation, a nonprofit organization), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Emphasis of Matters***

As discussed in Note 1 to the financial statements, in the year ended June 30, 2019, the Foundation adopted new accounting guidance Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities*, which requires various presentation changes to not-for-profit financial statements. Our opinion is not modified with respect to this matter.

## **Report on Summarized Comparative Information**

We have previously audited the Foundation's 2018 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated February 7, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

(with comparative financial information as of and for the year ended June 30, 2018)

NOTE 1 - BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities: A Stepping Stone Foundation, Inc. (the Foundation) is an Arizona nonprofit organization incorporated in April 1989. The Foundation derives the majority of its financial support from the public, including various individuals, businesses, and nonprofit entities.

The Foundation provides funding for preschools for 100 "at risk" children, in a collaborative effort with Alhambra School District, located in Phoenix, Arizona. The Foundation also provides free child care and free adult education classes for parents of the preschool students.

The Foundation has net assets with donor restrictions for the purpose of awarding scholarships to children who complete the preschool program and go on to graduate from high school. During the years ended June 30, 2019 and 2018, scholarships were awarded totaling \$13,139 and \$31,310, respectively.

The significant accounting policies of the Foundation follow:

Basis of Presentation: Financial statement presentation follows the recommendations of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) topic of *Not-for-Profit Entities*. The Foundation is required to report information regarding its financial position and activities according to two classes of net assets:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the restricted stipulated purpose for which the resource was restricted has been fulfilled, or both.

Use of Estimates: Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Certificate of Deposit: The Foundation's certificate of deposit is stated at face value plus accrued interest, which approximates fair value.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

(with comparative financial information as of and for the year ended June 30, 2018)

Pledges Receivable: Pledges receivable are stated at net present value of expected cash flows, less an allowance for doubtful accounts, as deemed necessary, and are recognized as contribution revenue in the year the unconditional promise to give is made. The Foundation provides for losses on receivables using the allowance method. The allowance is based on experience, knowledge of the donor or grantor, the industry and other circumstances which may affect the ability of donors or grantors to meet their obligations. It is the Foundation's policy to charge off uncollectible pledges receivable when management determines the receivable will not be collected.

Property and Equipment: Property and equipment are carried at cost or, if donated, at the estimated fair value at the date of donation. The Foundation capitalizes and depreciates all property and equipment purchases or donations over \$500. Depreciation is provided on the straight-line method over five years, which represents the estimated useful lives of the respective assets. As of June 30, 2019 and 2018, all capitalized property and equipment was fully depreciated.

Contributions: Foundation follows the FASB ASC subtopic of Revenue Recognition for *Not-for-Profit Entities*. Contributions received are recorded as net assets without donor restrictions or with donor restrictions, depending on the existence and/or nature of any donor restrictions. All donor restricted support is reported as an increase in net assets with donor restrictions depending on the nature of the restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Donated goods and services are recorded as contributions at their estimated fair value at the date of donation, and shown as revenues and expenses in the financial statements. Donated services are recorded when the following criteria are met:

- i) The services require specialized skills, the services are provided by individuals possessing those skills, and the services would typically need to be purchased if not donated; or
- ii) The services enhance or create an asset.

Income Taxes: The Foundation is exempt from federal and state income taxes as an organization other than a private foundation under Section 501(c)(3) of the Internal Revenue Code and similar state provisions.

Expense Allocation: The costs of providing various programs and other activities have been allocated on a functional basis in the Statement of Functional Expenses. Directly identifiable expenses are charged to programs and supporting services. Certain costs have been allocated among the programs and support services based upon the employees' time spent on each activity.

Reclassifications: Certain reclassifications were made to the 2018 financial statements in order to conform to the 2019 presentation.

NOTE 1 - BACKGROUND AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -  
CONTINUED

Comparative Financial Information: The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting standards generally accepted in the United States of America. Accordingly, such information should only be read in conjunction with the Foundation's financial statements for the year ended June 30, 2018, from which the summarized information was derived.

Change in Accounting Principle: On August 18, 2016, FASB issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classifications, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment returns. A key change required by ASU 2016-14 is the net asset classes used in these financial statements. Amounts previously reported as unrestricted net assets are now reported as net assets without donor restrictions and amounts previously reported as temporarily restricted net assets and permanently restricted net assets are now reported as net assets with donor restrictions. A footnote on liquidity has also been added (Note 2).

Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 506,164</u>	<u>\$ 341,593</u>

NOTE 9 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs - A quoted price in an active market for an identical asset or liability is considered to be the most reliable evidence of fair value. The Foundation currently does not have any financial instruments it values based on Level 1 inputs.

Level 2 inputs - These are observable inputs, either directly or indirectly, other than quoted prices included within Level 1.

Level 3 inputs - These inputs are unobservable and are used to measure fair value only when observable inputs are not available. The Foundation currently does not have any financial instruments it values based on Level 3 inputs.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value of assets measured on a recurring basis at June 30, 2019, was as follows:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investment pool - ACF	\$ 326,762	\$	\$ 326,762	\$
Certificates of deposit	<u>67,105</u>	<u></u>	<u>67,105</u>	<u></u>
	<u>\$ 393,867</u>	<u>\$</u>	<u>\$ 393,867</u>	<u>\$</u>

Fair value of assets measured on a recurring basis at June 30, 2018, was as follows:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investment pool - ACF	\$ 381,938	\$	\$ 381,938	\$
Certificates of deposit	<u>47,942</u>	<u></u>	<u>47,942</u>	<u></u>
	<u>\$ 429,880</u>	<u>\$</u>	<u>\$ 429,880</u>	<u>\$</u>

NOTE 10 - SUBSEQUENT EVENTS

The Foundation has evaluated subsequent events through February 20, 2020, the date which the financial statements were available to be issued, and has concluded that no events have occurred since the year ended June 30, 2019 that would require an adjustment to or disclosure in the financial statements.
